**To all One Summer Chicago participants, employers, coordinators, and sponsors:**

On behalf of the City of Chicago, I would like to sincerely thank the agencies, employers, and all the partners who made One Summer Chicago possible. Together, we were able to provide 31,435 youth across the city with meaningful employment opportunities. Thanks to your efforts, these youth were able to explore career interests and develop skills that put them on the path to success.

This summer, we were able to expand One Summer Chicago to twice the size of the original program five years ago. Providing opportunity for youth, especially during the summer months, is a priority for this city and this administration. Whether it was beautifying our neighborhoods and streets or working for hundreds of different companies and nonprofit organizations, the work of our youth positively impacted communities across the city.

While summer employment provides youth with the income and responsibilities of a job, it also provides a safe environment to expand their professional skills for future opportunities. Working alongside dedicated mentors, our youth set educational and career goals. They learned the importance of savings and managing bank accounts through financial literacy workshops. We hope that youth who participated in One Summer Chicago will have a strong foundation for future success in school and work.

Until next summer, we will reaffirm our commitment to Chicago’s youth by continuing to make One Summer Chicago even stronger. Thank you so much for all your hard work and support of this great endeavor, and best wishes for a successful year ahead.

In gratitude,

**Rahm Emanuel**
